**Title of thesis:**

**Preaching Discourse in Nahaj Al-Balagha: An Analytical Study from the perspective of Text Grammar**

**Abstract:**

This chapter deals with the preaching discourse in Al-Balajah approach according to the theory towards the text. It consists of a preface and four chapters. The preface includes a statement of the concepts of the text and the speech and the text. The chapters came as follows: Chapter 1: And the fourth chapter Almqami and Altnaz, and concluded the study with a conclusion summarized the most prominent results. The method used in this study is descriptive analytical method, where I will describe the phenomena and then I do the analysis based on the mechanisms and methods adopted in it.
