*Title Of Thesis*

Al- Sheik LarbiTbessi and his Political and Reformation Activity in Algeria (1891 – 1957)

*Abstract Of Thesis*

Al- SheikLarbiTbessi is considered to be one of the pioneers of the reformation movement in Alegeria. His contributions were distinct in establishing the patriotic identity of the Algerians as he was working as areligious , reforming thoughtful and social cleric. All of the these were contributed during his life time which was endowed with great intellectual production – more over , the social and religious changes in various subjects led him to be given a number of important posts, angry them the Chairman of the Al gerianMuslim scientists Association, and the Chairman of Fatawa Committee . His strict attitudes in refusing the Policy of the French occupation and pronounced declation of supporting tha armed Al gerian revolution.
