Title of Thesis

American strategy toward Iraq after the occupation of Kuwait State
1990-2003 Historical study

Abstract of Thesis:

The study focused on the nature of the US strategic shifts towards Iraq, which defined the tracks of the Iraqi relationship with the United States since antiquity, which governed the nature of the relationship between the international transformations and the global policy environment. This shift in the international and regional environment helped to draw up various strategies according to the nature of the stage towards Iraq After the fall of the Shah Iran is a strategic ally of the United States in the Middle East, and the choice of the natural route of this strategic shift towards Iraq since the Iran-Iraq war in 1980-1988, has proved its features after the occupation of Iraq and Kuwait J hired United States develop multiple means of achieving the strategic goal since 1990 to the occupation of Iraq in 2003.
